2	Table of Contents	i
3	1 Forward	iv
4	Acknowledgements	v
5	I Biology, Maintenance & Breeding	1
6	2 Introduction to killifish	2
7	2.1 What is a killifish?	3
8	2.2 Killifish biology, ecology and survival in the wild	4
9	2.3 Basic physiology: a response to the environment	8
10	3 Killifish in the aquarium	15
11	3.1 Killifish in the community	15
12	3.2 Water quality	17
13	3.2.1 Water parameters	17
14	3.2.2 Temperature	18
15	3.3 Tank setup	19
16	3.4 Maintenance	21
17	4 Foods, feeding & disease	25
18	4.1 Feeding	25
19	4.2 Culturing your own fish food	27
20	4.2.1 Worms	27
21	4.2.2 Insect larvae	29
22	4.2.3 Crustaceans	29
23	4.2.4 Fruit flies	31

24	4.2.5	Culturing Infusoria	31
25	4.2.6	Artificial food mixes	32
26	4.3	Disease: prevention and cure	33
27	5	Breeding killifish	37
28	5.1	Non-annuals	37
29	5.1.1	Constructing a spawning mop	38
30	5.1.2	Tackling spawning problems	38
31	5.1.3	Collecting and incubating eggs	40
32	5.2	Annuals	42
33	5.2.1	Peat preparation	42
34	5.3	Hatching hints	44
35	5.4	Rearing fry	46
36	5.5	Skewed sex ratios	47
37	II	Killifish Review	50
38	6	Non-annuals	51
39	6.1	<i>Aphyosemion</i> and allies	51
40	6.1.1	<i>Aphyosemion</i>	52
41	6.1.2	<i>Fundulopanchax</i>	56
42	6.1.3	The fish that were <i>Roloffia</i>	58
43	6.2	<i>Aplocheilichthys</i> and allies	60
44	6.3	<i>Rivulus</i>	62
45	6.4	North American native killifish	63
46	6.5	<i>Aphanius</i> and related species	65
47	6.6	Lamp-eyes	66
48	7	Annual Killifish	68
49	7.1	African Annuals	68
50	7.1.1	<i>Fundulosoma</i>	69
51	7.1.2	<i>Nothobranchius</i>	69
52	7.2	South American Annuals	72
53	III	Where to Find Killifish	76
54	8	Collecting	77
55	8.1	Pet stores	77
56	8.2	Local Clubs	78

57	8.3 Collecting your own fish	78
58	9 Killifish by post	81
59	10 List of Killifish Societies	83
60	IV Appendices	84
61	A Conversion factors	85
62	A.1 Temperature	85
63	A.2 Mass and volume	85
64	B How to build your own tanks	87
65	C Suggested Reading	90
66	Index	92
